OTTAWA, ONTARIO  
March 2, 2016

## Carube Copper Invitation to PDAC Booth 2711 *Updates Available on All 7 Projects*

**Carube Copper Corp. (CUC:TSXV)** is in high spirits with regards to our two Joint Ventures and our 100% owned projects: two in Jamaica and three in British Columbia. Please drop by our booth for the latest exploration results on all seven projects. Enter to win a bottle of 12 year-old Appleton Estates *Jamaican* Rum or an award-winning Cabernet Sauvignon from *British Columbia's* Burrowing Owl Winery.

**Come see us at PDAC. Booth 2711.**

The graphic features the Carube Copper Corp. logo and the text 'Successful Project Generation' in blue. Below this is a globe with callouts to project locations. On the left, 'British Columbia' is listed with projects: Mackenzie, Rogers Creek, and Salal. On the right, 'Jamaica' is listed with projects: Bellas Gate (JV), Above Rocks (JV), Main Ridge, and Hungry Gully. The text 'CUC:TSX-V' is in the top right. At the bottom left is 'Copper and Gold' and at the bottom right is 'www.carubecopper.com'.

**Carube Copper Corp. (CUC:TSXV)** is a Canadian exploration company focused on the exploration and development of copper and gold projects in Jamaica and Canada. In Jamaica, two projects, totalling 188 square kilometres in area, are the subject of separate joint venture agreements with OZ Minerals Limited, an Australian copper-gold producer with a market capitalization of over \$1B. Carube Copper holds a 100% interest in two other nearby projects, totalling 82 square kilometres. In Canada, Carube Copper holds a 100% interest in three porphyry copper-gold-molybdenum properties, totalling 593 square kilometres within the Tertiary-aged Cascade Magmatic Arc in southwestern British Columbia. Exploration continues on these properties with the goal of joint-venturing them to larger exploration and mining companies.
